RESEARCH INTERESTS

Human–centered evaluation of machine learning; documentation and transparency practices; human–AI collaboration in clinical and public-sector settings; mixed-methods field studies of engineering teams.

EDUCATION

2023 – present — **Ph.D., Computer Science — Northfield University**
Advisor: Prof. Dana Whitfield · Dean's Dissertation Fellowship (2026)

2019 – 2023 — **B.Sc., Computer Science — Lakeside Institute of Technology**
First-class honours · Thesis on model auditing, advised by Prof. R. Adeyemi

PUBLICATIONS

1. **Lin, Y.**, Okafor, A., & Whitfield, D. (2026). Beyond Point Estimates: Distributional Evaluation of Clinical Risk Models. *NeurIPS 2026* (spotlight).
2. **Lin, Y.**, Park, J., & Whitfield, D. (2026). Model Cards in Practice: How Documentation Travels Through Organizations. *CSCW 2026*.
3. Okafor, A., **Lin, Y.**, & Whitfield, D. (2025). Grounding Evaluation in Use: A Field Study of NLP Tooling in Hospitals. *ACL 2025*.
4. **Lin, Y.** & Whitfield, D. (2025). Who Reviews the Reviewer? Auditing Human-in-the-Loop Workflows. *CHI 2025* (honorable mention).
5. **Lin, Y.**, Mensah, K., Park, J., & Whitfield, D. (2024). Small Models, Local Contexts: Language Models in Low-Resource Clinics. *Journal of Biomedical Informatics*, 152, 104612.
6. **Lin, Y.**, Okafor, A., & Whitfield, D. (2024). A Survey of Documentation Practices for Deployed ML Systems. *arXiv:2405.00000*.
7. **Lin, Y.** (2023). Sketching Evaluation Cards: A Design Probe for ML Teams. *CHI 2023 Extended Abstracts*.
8. **Lin, Y.** & Mensah, K. (2023). Interpreting Disagreement Between Clinicians and Risk Scores. *medRxiv* (preprint).

TEACHING

Fall 2025 — **CS 4780 Machine Learning — Teaching assistant, Northfield University**
Two weekly recitations (60 students); redesigned the evaluation module.

Spring 2025 — **CS 3300 Human–Computer Interaction — Teaching assistant**
Supervised eight studio teams; wrote the accessibility checklist.

Fall 2024 — **CS 6780 Trustworthy ML — Guest lecturer**
"Evaluation Beyond Accuracy"; "What Documentation Cannot Do".

TALKS

2026 — **Measuring What Matters · Workshop on Human-Centered Evaluation, Seattle**

2025 — **Documentation as Infrastructure · Northfield HCI Seminar**

2025 — **Auditing Human-in-the-Loop Workflows · CSCW Practitioner Track**

SERVICE & AWARDS

- Reviewer: CHI (2025–), NeurIPS (2025–), CSCW (2026)
- Mentor, Women in Computer Science, Northfield University (2024–)
- Student volunteer, FAccT 2024
- Dean’s Dissertation Fellowship, Northfield University (2026)
- Best poster, Northfield CS Research Symposium (2024)

SKILLS

Python, PyTorch, scikit-learn, R · Qualitative analysis (NVivo, thematic coding) · Survey and interview design · Web (HTML/CSS/JS) · LaTeX.
